Subject Fwd: VB70 CHP grant extension

Olive,

Thank you for copying me on the latest assistance amendment for the VB70 CHP grant (Doc ID 97810101).

I did have a question about the end date for the project, which is shown on

the amendment as September 30, 2007. As outlined in my original email to Larry Kimmel (see below), we had requested a time extension to December 31, 2007, to allow coordination of program activities with the City of Denver. I will also forward, as a separate email, internal communication with EPA's project managers indicating their concurrence with a time extension to December 31, 2007.

Is there some way this can be amended, or how would you recommend we correct this?

Thank you for your assistance.

Sincerely,

Jane Mitchell

Larry,

Thank you for your call yesterday regarding clarification of the VB70 Community Health Program (CHP) grant period.

As we discussed, I had previously sent a request to Victor Ketellapper, former RPM for the site, requesting an extension of the grant period to September 30, 2007 (you were correct about the date), to allow time to coordinate with Denver Environmental Health on reporting requirements and program evaluation. I believe you have a copy of this November 6, 2006 correspondence- I don't have this in electronic format anymore but will fax a copy to you today for your records. The grant period was extended at that time to June 30, 2007- the end of the state fiscal year.

This email is being sent as CDPHE's request for an extension of the current grant period from June 30, 2007 to December 31, 2007. This end date is consistent with the end date for EPA's current grant with the city of Denver for work on the VB70 CHP project. The requested extension will allow our two agencies to fully coordinate reporting of biomonitoring and outreach data, and provide a more in-depth evaluation of program activities, and lessons learned from this community-based health program.

This program extension will allow us to complete required reporting components for the project and will not result in any overall change to the total budget amount awarded to CDPHE for this program. I am also faxing a copy of a series of emails from Victor from September 2006, approving reallocation of some funds between categories/work tasks as originally funded by EPA. Let me know if you need any other information.

Thank you for contacting me yesterday. I appreciate your consideration of this request.

Sincerely,

Jane
